

Nine PIAMS Member Firms Acknowledged as Colorado Environmental Leaders

On Tuesday, October 20, 2009 nine PIAMS member firms received recognition at the Tenth Annual Environmental Leadership Awards Program held in the Seawell Ballroom at the Denver Center for the Performing Arts with 350 in attendance.

The Master of Ceremonies for the event was CBS4's Alan Gionet (left). Also on hand was Governor Ritter (right) who addressed the audience on his green initiatives. The event included display tables to give attendees the opportunity to find out more about environmentally friendly options including one with PIAMS and Colorado's SBAP showcasing print, paper and PIAMS Green Member Printers as viable green options.
